Welcome Message

IN THE NEW MILLENNIUM

We are witnessing an era where Vascular & Endovascular Surgery , Medical Angiology and Vascular Biology have become so integrated to create an art in which several factors interact to provide the best understanding of vascular pathology and the optimal care for our vascular patients .

That is why more than 500 world class experts from North Africa & Middle East, Europe, Asia and other parts of the world will convene in the lovely city of Aswan - the pearl of Upper Egypt in a journey in space and time to exchange the most updated experiences and guidelines addressing challenging arterial and venous disease entities during 8th – 11th February 2017.

A unique feature this year is having the 9th Congress of North African & Middle East Chapter of International Union of Angiology in conjunction with the annual meeting of Vascular Society of Egypt VSE and XXVII th Congress of Mediterranean League of Angiology & Vascular Surgery MLAVS with the main theme CHALLENGES AND COMPLICATIONS IN ANGIOLOGY AND VASCULAR SURGERY. A carefully designed scientific program and relaxing social Atmosphere full of cultural and historic aspects in one of the richest archeological areas worldwide. The glorious Philae Temple, a UNESCO heritage is just a sample of what you will be visiting and contemplating during the congress activities. Bring over your colleagues and families and share your experience with us in an unforgettable trip to Aswan - EGYPT. We welcome you all.

Prof. Ayman Fakhry

Ayman Fakhry

President of VSE

Welcome Message

DEAR COLLEAGUES AND FRIENDS

I am very pleased to invite you to participate in the forthcoming 9th Congress of North African and Middle East Chapter International Union of Angiology, organized by our highly estimated colleague and very good friend Professor Emad HUSSEIN in Aswan. Professor HUSSEIN is a prominent member of the IUA and well recognized vascular leader who already organized several successful Chapter Meetings of our Union associating high scientific level presentations with a sense of hospitality and friendship atmosphere. This particular 9th edition will be held in conjunction with the Annual Congresses of the Mediterranean League of Angiology and Vascular Surgery and the Vascular Society of Egypt, which will increase even more its vitality and influence. It is remarkable that this event takes place in Aswan, one of the most famous antique city of Egypt, a place where the spirit blows, and where we all will find good vascular science and build more vascular friendship.

Prof. Patrick Carpentier

Patrick Carpentier

Professor of Vascular Medicine

President of the IUA

Welcome Message

DEAR FRIENDS

It is with great pleasure that I welcome you to the XXV Mediterranean Congress of Angiology and Vascular Surgery which will be held in Aswan Egypt February 8th-11th 2017 in conjunction with the 9th Congress of North Africa and Middle East Chapter of IUA and the 13th Annual Conference of the Vascular Society of Egypt. The Chairman of the Organising Committee Prof Emad Hussein is making every effort to organize an excellent scientific program inspite of the global economic crisis and occasional inconveniences at airports and to minimize any security risks in our currently disturbed global situation. On the other hand the three co-joined Congresses will take place under the patronage of the Minister of Health and the Minister of Tourism of Egypt, as well as under the patronage of the Governor of Aswan thus providing an extra convenience and security by the Authorities. It is worthwhile to mention that several years ago Prof Emad Hussein organised another Mediterranean Meeting in Aswan which was extremely successful and left us with wonderful memories. As President of the Mediterranean League of Angiology and Vascular Surgery I would like to congratulate the Organising Committee for providing us with such an environment and such a well-organised Congress; Ladies and Gentlemen, The Mediterranean League of Angiology and Vascular Surgery always provides a unique forum to discuss critical issues concerning the management of vascular patients, has the mission to foster mutual understanding between all professional groups dealing with vascular diseases and tries hard to promote research. On behalf of the Executive Board of the Mediterranean League of Angiology and Vascular Surgery I would like to wish you all to enjoy next February a productive and pleasant Meeting in Egypt. Let us meet in Aswan!

Prof. N. Angelides MD, PhD, FRCS, FACA

Launching data of AAA screening program in Upper Egypt

M. Ismail (Egypt)

13:24 – 13:30

Discussion

13:30 – 14:00

Closing Remarks & Recommendations

COLLECTIVE PHOTO FOR PARTICIPANTS

Workshops

1- Precongress Workshops

Wednesday 8th Feb. 14:00-17:00

Learning Village.

PLETHYSMOGRAPHY and Venous flow quantification (One hour)

Proctor / Moderator: O.Elfarouk (Egypt)

Foot Examination & OFFLOADING principles. (One hour)

Proctor: A . Fakhry (Egypt)

Moderator: A.Saad (KSA)

Multilayer COMPRESSION bandages (One hour)

Moderator: T.Radwan (Egypt)

2- Congress Workshops

Friday 10th Feb. 09:00-10:00

Learning Village.

Wound Care Management (One hour)

3 - Congress Workshops

NAAD NATIONAL AORTIC ANEURYSM DAY / EVAR & TEVAR COURSE

Aortic Pavillion

Course Directors: M.Haggag, E.Hussein, N.ElSaid, S.Ali, S.El Mallah

Co - Directors: M.Ismail, M. Zaki

Thursday / Friday / Saturday

9-11 Feb 2017 3 days (Total 9 hours)

(Detailed program Separate)
