 Pan Arab Endodontic Conference

Welcome Message

Arab Endodontic Society and the Egyptian association of Endodontists have the great pleasure to invite you to the 5th Pan Arab Endodontic Conference that will be held in Cairo, Egypt on December 6-8, 2017.

This three days' congress is inviting world-class international speakers and integrating pre, during and post congress intensive workshops. We are expecting 2000 local attendee and not less than 400 non-Egyptian attendees. We plan that this meeting will be the biggest in Africa and middle east.

We are confident that we will be able to make this conference a very special and memorable event. The conference will focus on new aspects and current updates in the field of Endodontics. The scientific sessions of the conference will be dominated by scientific data from worthy speakers. This will be beneficial for both endodontists and general practitioners. We wish that endodontists from the middle-east area and globally share in this unique event to gain cutting-edge knowledge in different aspects of Endodontics. The conference will be held in the charming, Cairo city, the largest city in the Middle East and Africa. It combines the ancient history with the cosmopolitan style in a unique way hardly to find in any city worldwide.

We are awaiting you all to experience this magnificent journey of both history and science.

Prof. Salsabyl Mohamed Ibrahim

Salsabyl Mohamed Ibrahim

President, Arab Endodontic society

B CH. D (Cairo, Egypt) M.S.D (Ind.,USA)
