## WELCOME MESSAGE

Dear Colleagues

Since the seventies of the last century Dermatopathology started to be an important issue in teaching Dermatology. A great advance has been achieved since that time, however Dermatopathology in Egypt and Middle East is still far from its advancement in the western countries. This meeting aims to transfer the experience from leaders in Dermatopathology all over the world into our area and establish contact of the young generations of Dermatologists with Dermatopathology.

**Prof. Hussien Hassab El-Naby**
