Welcome Message

Dear Esteem Professors

The GOTHI CONFERENCE 2021 is projected to be one of the most informative and updated conference of the year. Subjecting the Diabetes wheel as a focus of paramount importance from all its prospective from diabetes , vascular , diabetic foot , cardiac, pediatric type I Diabetes , nephrology complications, ophthalmological, dental complications and last but not least laboratory as well as radiological assessment.

An array of GOTHI expert professors in collaboration with university professors will present on their area of expertise.

The many refined workshops as well as eloquent sessions will have topics of interest for clinical practice in the domain of Diabetes and the wheel of its complications and hence the theme "Diabetes Complications Wheel " conveying personal everyday challenges and solutions in all perspectives of contributing specialities.

I look forward to this unique opportunity to share our care and experience with all professors at General Organization of Teaching Hospitals and Institutes as well as Egyptian universities to learn about the latest trends and pathways and clinical experience in this domain

Of course this conference is gifted to the Trainees of Egyptian Fellowship in the above mention specialities as a dedicated mission of GOTHI that consider its pillars to be teaching , research , and clinical management .
