[#44_Years_Haematology](#)

Dear Colleagues and Friends,

On behalf of the Egyptian Society of Haematology (ESH), it gives me huge pleasure to welcome you to our 39th International Meeting held at InterContinental Citystars Hotel, Cairo - Egypt.

ESH is truly unique as it is the only meeting that gathers friends and colleagues from different haematology disciplines from all over the world focusing exclusively on haematologic diseases and the ways we can improve the quality of services offered to our patients.

For more than four decades, ESH has acquired an excellent reputation among practicing haematologists and allied health professionals as the optimal forum for sharing advances, updates and new information in all areas of haematology.

It is undoubtedly an excellent opportunity for interactions between clinical haematology, pediatric haematology and laboratory haematology communities.

The truly inclusive nature of ESH is reflected in the ESH faculty which comprises experts, leading specialists and researchers from all parts of Egypt, all of whom are bound by the common purpose of improving the health of our patients.

The scientific program will bring together a range of excellent Egyptian and foreign guest speakers, which is already a tradition in ESH conferences, valuing expertise as well as offering opportunities to young scientists.

This year the Scientific Program will encompass different aspects in haematology including flow cytometry, cytogenetics, next-generation sequencing, transfusion medicine, quality, stem cell transplantation, and new targeted therapies.

We hope to have a truly successful and productive conference and that you will enjoy your time in Cairo, Egypt. I encourage you all to join this wonderful congress.

Together...We Shape the Future of Haematology

ESH President

Tarif Hamza Sallam

Prof. Tarif Hamza Sallam

39TH Conference of the Egyptian Society of Haematology

ESH Board
