Welcome Message

On the behalf of the Egyptian Society of Neurology, Psychiatry and Neurosurgery, we are delighted to welcome and extend to you a warm invitation to attend the First Egyptian Parkinson and Movement Disorders Conference and School, to be held July 27–29, 2022 in Intercontinental City Stars – Cairo Egypt.

The 2022 conference is organized by the Movement Disorders chapter of Egyptian Society of Neurology, Psychiatry and Neurosurgery in collaboration of the international Parkinson's disease and Movement Disorders Society (MDS) and the Pan Arab Union of Neurological Societies (PAUNS).

The conference serves as both the premier venue for presenting foremost research results in the area and as a forum for introducing and exploring new concepts.

It will present the state-of-the-art in Parkinson's disease and other movement disorders research and management, reflecting the huge advances in this field in the past decade.

The meeting organizers have assembled a terrific slate of speakers and scientific sessions. Hands-on workshops by the most eminent scientists in movement disorders will surely make it an outstanding scientific experience.

We invite everyone to come ready to ask questions, participate and make new collaborations. I hope it will be an unforgettable meeting that will not be complete without your participation.
